

## IOP 数据库

Step①: 使用非同济大学 IP 地址打开浏览器, 输入 <https://iopscience.iop.org>, 通过访问 IOPscience 平台上的期刊文章或电子书 (整本书或单独章节), 选择页面下方的 “Institutional Login via Athens/Shibboleth”。

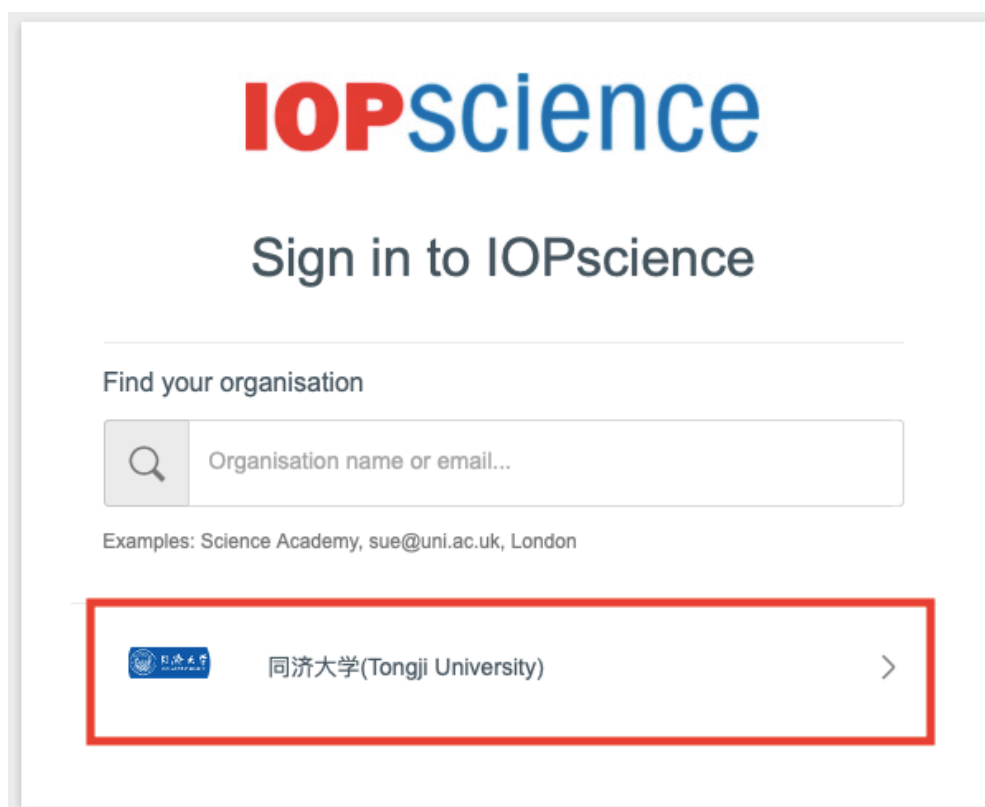

The screenshot shows the IOPscience website interface. At the top, there is a navigation bar with the IOPscience logo, links for Journals, Books, Publishing Support, and Login, and a search box. The main content area displays the article title "Specific heat in superconductors" under the journal "Chinese Physics B". Below the title, there is a section for "Article information" and an "Abstract" section. The abstract text reads: "Specific heat is a powerful tool to investigate the physical properties of condensed materials. Superconducting state is achieved through the condensation of paired electrons, namely, the Cooper pairs." Below the abstract, there are buttons for "BibTeX" and "RIS". At the bottom of the page, there is a section titled "Access this article" which contains three columns: "Login options" with buttons for "Individual login" and "Institutional login via Athens/Shibboleth" (the latter is highlighted with a red box), "Rent or Purchase this article online" with a message stating the article is not available for purchase, and "Make a recommendation" with a "Recommend this journal" button.

Step②：页面将会跳转到 “Institutional Login”，之后选择“Login via OpenAthens/Shibboleth”。

Step③：在 Find your organization 输入框中输入 Tongji University，点击检索结果同济大学（Tongji University）。

Step④：进入同济大学登陆页面，输入校园网统一身份认证的账号和密码即可访问。
